The Admissions Process

Decide which course you would like to study

**If you need assistance, contact the Uni Info
Centre on 1300 363 864 or visit
www.utas.edu.au**

**Complete an online application at
www.utas.edu.au/apply**

Provide supporting documentation if required

**You may be contacted by the
Admissions Office
to discuss course options**

**Receive your Letter of Offer and
details of how to accept**

Admissions Overview

The University of Tasmania has published these guidelines to assist Career Advisors in helping students make decisions about which TCE subjects to take in Years 11 and 12 to meet admission requirements for study at the University.

If a student plans to study at tertiary level, they should select TCE subjects that provide options for a range of tertiary courses. Entry to tertiary study is very competitive, and not all students who satisfy admission requirements are offered a place in the course of their first choice.

Everyone with an interest in higher education is encouraged to apply by the on-time closing date – which is 30th September 2009. Applications should be submitted regardless of expectations in Year 12 examinations. It may be that a student has not applied, performs better than expected in Year 12, and submits a late application - which may be too late to be considered in competitive courses.

Potential non Year 12 applicants are also encouraged to apply before the on-time closing date. It may take some time to assess complicated applications and an on-time application will enable a first round offer and time to make accommodation, work, childcare etc. arrangements.

For administrative and processing convenience all applicants for undergraduate courses are divided into two groups:

- a)** those who have already completed or will complete secondary schooling (Year 12) qualifications in the current year (does not include those who have enrolled in post-secondary studies) and have met or expect to meet the general admission requirements of the University. Students in this group (applying for admission on the basis of Year 12 qualifications) will be referred to as Year 12 applicants. For most courses the application will be assessed solely on Year 12 results. Special entry conditions apply for courses offered in Visual and Performing Arts. Applicants will be contacted if required to attend interviews or auditions.
- b)** those who are applying on the basis of some other qualification, special entry or life experience. Applicants in this group will be referred to as Non Year 12 applicants. This group will be considered on the basis of previous tertiary study (complete or partially complete), including those seeking re-admission after exclusion or following a break in study, TAFE qualifications, mature age or previous work experience, professional qualifications, special entry, or Aboriginal and Torres Strait Islander admission.

English is the language for tuition and learning at the University of Tasmania and adequate communication skills (written and oral) are critical factors for success in any University course. All students are expected to have or to develop adequate proficiency in English. Deficiencies in English communication skills should be indicated on application and, where appropriate, support and other transition services may be identified when an offer of a place is made.

Key Dates for Admission

2009	
3 August	Applications open (including Spring and Summer School)
11 September	Change of course preference opens
30 September	Closing date for on-time undergraduate applications 5pm (including Spring and Summer School)
31 October	Closing date for Tasmania Scholarships
Nov/December	Interviews and auditions if required
15 December	First round offers available to Year 12 Tasmanian Applicants

2010	
15 January	First round offers available to Year 12 Interstate Applicants
15 February	Orientation week
22 February	Semester 1 commences
17 March	Applications open for semester 2
2 April	First round offers available to applicants and progressively thereafter
30 June	Closing date for semester 2 Tasmania Scholarships
12 July	Semester 2 commences

NOTE: Dates are correct at time of printing but may be subject to change.

Academy of the Arts, Inveresk

Year 12 Applicants – Tasmanian Applicants

Minimum Entry Requirements

In order to be eligible for tertiary entrance at a Bachelor level, applicants must satisfy the following four requirements:

- a) They must spend not less than two years in post year 10 study for the Tasmanian Certificate of Education (TCE) (or another approved senior secondary program) requiring enrolment in a combination of subjects designed for Years 11 and 12 [see Special Circumstances page 8 for exceptions].

It is strongly recommended that a student studies subjects with a total load of approximately 1200 hours over years 11 and 12.

- b) They must obtain a Satisfactory Achievement (SA) result or better in a minimum of four Senior Secondary Level 5C subjects, chosen from the schedule of subjects on page 25, approved by the University.
- c) They must obtain the minimum of four subjects in not more than two, not necessarily consecutive, sittings.

[Any number of attempts are permitted but the Tertiary Entrance Rank will be calculated from the TCE scores obtained in the two sittings which satisfy the minimum entry requirements.]

- d) At least three of the subjects referred to in (b) above must be taken in a single year of post year 11 study.

If applicants do not meet any of these requirements, it is still possible to gain entry to UTAS. Applicants who do not meet the above requirements will be considered for their course preferences on a concessional basis (see page 8), or for an alternative University Entry Pathway (see page 8).

Tertiary Entrance Rank (TER) Calculation

Selection of Tasmanian Year 12 Applicants for most courses will be based on the Tertiary Entrance Rank (TER). The Tertiary Entrance (TE) score is calculated by aggregating the scores of your best three Senior Secondary pre-tertiary subjects (from Year 12 or 13), together with the best score(s) of up to two other pre-tertiary subjects in that year or one other year. The TER is the percentile ranking of the Tertiary Entrance score. The TER ranges between zero and 99.95, and details the student's rank compared with other Tasmanian Year 12 students. A TER rating of 80.00 indicates that the student has an overall rating equal or better than 80% of Year 12 school leavers in Tasmania.

Quota Selection

Many courses at the University are subject to quota selection. Selection of Year 12 Tasmanian Applicants for most courses will be based on the TER.

Applicants may compete for entry with only the four subjects required to satisfy Minimum Entry Requirements, instead of the five referred to above, but should be aware that they will be competing against applicants with TERs based on five subjects.

Where selection is to be made on the basis of the applicant's TER, applicants will be selected in rank order. Where selection is based on criteria other than a TER, such as in Visual and Performing Arts courses, all applicants will be scored/ranked in merit order, on the basis of selection criteria determined by Faculty.

Special Circumstances (Exemptions under the ‘two-year rule’)

The following groups of Tasmanian applicants may apply in writing to the Admissions Office for exemption from the ‘two years in post year 10 study’ component of the Minimum Entry Requirements:

- a) Applicants who completed year 11 other than in Tasmania. The application must include acceptable certified evidence of completion of Year 11. Such applicants would normally be expected to complete the minimum entry requirements in Year 12.
- b) Applicants who recommence TCE studies after a break of one year or more, due to employment or other circumstances. These circumstances may include such things as family responsibilities, overseas study or educational disadvantage. The application must include documentary evidence of employment or other circumstances acceptable to the Academic Registrar. Such applicants would normally be expected to complete the minimum entry requirements in Year 12.
- c) Applicants engaged in full-time or part-time employment while enrolled for TCE studies. The application must include documentary evidence of employment.

Concessional Entry

Students with an interest and capacity to succeed at University but who have not met the minimum entry requirements may be considered for admission on modified entry requirements.

To be considered for concessional entry an applicant’s performance in the TCE and any supporting evidence of their capacity to undertake higher education study will be assessed. Supporting evidence may take the form of advice from the relevant School/College Principal or Careers Advisor.

Offers made in these circumstances will identify any conditions you may need to meet, including undertaking foundation study and/or academic performance in your initial studies, to allow you to transfer at a later point to your preferred course of study. For more information on alternative entry pathways, see Entry Pathways below.

This mechanism does not alter our standard entry requirements. The University will still welcome applications for special entry where students feel that their circumstances require individual consideration.

Entry Pathways

UTAS encourages and supports people’s desires and plans to study at University. For applicants who do not meet general entry requirements, we may be able to offer a pathway to Bachelor level study via the Associate Degree.

The Associate Degree (itself a formal qualification for 2 years of full-time study) is offered in a number of disciplines:

- Aquaculture
- Arts
- Business Management
- Computing
- Furniture Design
- General Studies
- Music
- Science

The Associate Degree, when offered as a pathway to Bachelor level study, is a stepping stone process. It provides an opportunity for students to experience the requirements and demands of tertiary study, acquaint them with university life, and enable them to ease gently into study. Applicants offered a pathway option via an Associate Degree may only need to complete one or two semesters within the Associate Degree structure before being eligible to apply for admission to a Bachelor Degree.

Study in the Associate Degree may be full time or part time, and students can choose to study units from Bachelor Degree programs, as well as Preparatory and/or Foundation Units.

If you do not yet meet the general university entry requirements, or specific course requirements (e.g. a prerequisite subject) or have not been assessed and ranked highly enough at the time of application to be admitted to a place, you will be considered for an alternative course offer that best meets your needs and circumstances. This may be a place in a Bridging (Preparatory) course or a place in an Associate Degree that may subsequently lead into a degree program. An alternative course pathway offer will identify any conditions that you may need to meet including any academic performance requirements for you to transfer to your desired degree course (e.g. satisfactory completion of foundation units).

Riawunna, Centre for Aboriginal Education, conducts an orientation and assessment program to assist in preparation for study and to make recommendations for admission to the Admissions Committee of the relevant Faculty. People of Aboriginal or Torres Strait Islander origin over the age of 18 may apply directly to Riawunna for admission to Riawunna's Murina (Bridging) Program. Successful completion of this program will assist in gaining admission to many degree courses offered by the University of Tasmania.

UTAS is committed to guiding and supporting all its students to enable them to achieve positive academic outcomes. Our Pathway Officers work closely with the Student Advisers, who are available to assist all students, especially first year students, in their transition to tertiary study. Our Pathway Officers will liaise with the relevant Student Advisers on behalf of Pathway students so that services, support, information and advice, is available and accessible if needed.

We strongly encourage all applicants to explore the wealth of information, services and opportunities that UTAS has to offer students. Our web pages are a great place to start. For Pathway advice, please contact the Admissions Pathway Officers on (03) 6226 1985 (Hobart) or (03) 6324 3525 (Launceston), or email pathways@utas.edu.au.

UTAS College & High Achiever Programs

Year 12 students undertaking study at UTAS through UTAS College (including High Achiever Programs) are required to complete an application for admission **to their preferred course** by the due date. These programs include:

- High Achiever Program
- Latin
- Prelude
- Overture
- Music Development
- College Language Program
- Chinese Language Program
- Performing Arts
- Winter Art School
- Academy of the Arts
- Philosophy Lab
- Aboriginal Studies Program
- Accounting and Financial Decision Making

Applicants should apply to UTAS as a Year 12 applicant, and should not include their Program details within the 'Previous Tertiary Studies' section of the application. This is to ensure they are eligible and considered for all Year 12 admission and scholarship opportunities.

Applicants seeking credit towards their degree on the basis of study completed under the UTAS College Programs should complete an Application for Credit, available from http://www.studentcentre.utas.edu.au/admissions/forms_files/index.html.

International Baccalaureate (IB) Diploma

Persons completing the full IB diploma qualify for admission to the University of Tasmania. A separate brochure 'IB Admission Guidelines 2010' is available from www.utas.edu.au/apply. Applicants who do not complete the full diploma may be eligible for concessional entry.

Alternative Schooling

Applicants who have completed a 'non-standard' Year 12 course, such as a course which does not permit calculation of a Tertiary Entrance Rank, e.g. those who have undertaken senior schooling at home, or at a school which does not follow the Tasmanian Qualifications Authority syllabuses and examination procedures, should produce certification from their school or authority/board/council of completion of twelve (12) years of schooling. For any course with pre-requisites, see pages 19 of these guidelines.

Tasmanian Students Studying Overseas

Tasmanian students contemplating university study following an overseas exchange program are advised to undertake the exchange in Year 11. If the exchange is undertaken in Year 12 then the student must qualify for university entry in the exchange country and apply for admission to the University of Tasmania on the basis of the overseas qualification. A certified copy of the qualification is required to enable assessment. Students who exchange in Year 11 should apply for an exemption under the 'two-year rule' (see page 8).

Interstate Applicants

Applicants completing Year 12 in another state will be assessed on the relevant interstate Tertiary Entrance Rank (e.g. ENTER, ATAR, TER, OP) and will be selected in rank order with all other applicants.

Interstate Transfer Index (ITI) and the Australian Tertiary Admissions Rank (ATAR)

The ITI is a national scale based on population statistics provided by the Australian Government Statistician and on Year 12 retention rates. It is a measure of the performance of students relative to other students who have attempted Year 12 in their state in the same year, but with an adjustment made in recognition that different proportions of students choose to enrol in Year 12 in each of the states and territories. In Tasmania, South Australia and Western Australia the ITI is commonly known as the TER. In Victoria and New South Wales it is referred to as ENTER and ATAR respectively.

Over the next two years all Australian states and territories (except Queensland) will be adopting a nationally agreed name for their tertiary entrance ranks. The new name is the Australian Tertiary Admissions Rank (ATAR) and Tasmania will be changing the name of the TER to the ATAR in 2010. This is a change in name only. There will be no change to the calculation.

The ITI indicates that a Tasmanian student who gained a 2008 Tasmanian TE score of 104.5 had a TER of 99 and was, therefore, in the top 1% in this state. If you are applying to institutions in another state your

Year 12 result will be reported as the TER which is directly comparable to that of students in VIC, NSW/ACT, SA/NT and WA.

Non Year 12 Applicants

Applicants in this category can apply for admission on the basis of TAFE or VET qualifications, a university enabling program, an aptitude test, previous higher education study (complete or partially complete), mature age, previous work experience, professional qualifications, if they are seeking re-admission after a course exclusion or break in study, special entry, or Aboriginal/Torres Strait Islander admission. Applications will be considered from a broad range of applicants, including those with study, work or other experiences likely to demonstrate an interest and likelihood of success in University study.

Applicants should consult the Admissions website at <http://www.utas.edu.au/apply> for guidelines on applying for admission as a Non Year 12 applicant.

Overseas Applicants

Overseas applicants who are not citizens or permanent residents of Australia must apply through International Services, see contacts on page 36.

Auditions/Portfolio Submission/Interviews

For some University courses, there may be a requirement to submit a portfolio, or attend interviews and/or auditions. Applicants applying for courses for which these are required will be contacted by the relevant Faculty/School with details of times/dates. Further information may be found at <http://www.utas.edu.au/apply>.

Acceptance of offers

You must receive an offer of a place before you can accept and subsequently enrol. If your application is successful you will be sent a Letter of Offer. If you submitted your application online, you return to your eApplication at www.utas.edu.au/apply to accept your offer. If you submitted a paper application, there will be an Acceptance of Offer form attached to your Letter of Offer.

Applicants wishing to accept an offer in a quota-restricted course must do so by the date specified in their letter of offer, otherwise the offer will automatically lapse and the place will be re-offered to another applicant.

All applicants are encouraged to accept their offer as early as possible.

GETTING STARTED AT UTAS

Ready for Uni

Ready for Uni is designed to assist you with understanding your offer, the steps you need to follow in managing your enrolment and preparation for commencement of study.

When you accept your offer, you will be directed to the most suitable Ready for Uni option for your course. This may be an on campus workshop at Hobart, Launceston or Cradle Coast Campus; or an online option.

For further information about Ready for Uni please go to <http://www.utas.edu.au/enrol/readyforuni/>.

Deferral of Offer

If you have received an offer of a place and wish to delay commencing your undergraduate course until 2011, you may be eligible to apply for a deferral.

Deferrals will only be granted to students who meet **one or more** of the following criteria:

- a Tertiary Entrance Rank (TER) of at least 75; or
- a completed International Baccalaureate Diploma with a score of at least 26; or
- a University Grade Point Average (GPA) of at least 5.

Deferrals are not available in all courses and are strictly limited in some others. The Faculty of Health Science and the Conservatorium of Music have restrictions on the availability and/or number of deferrals. Students who have received an offer of a place in a course within either of these areas, should review the information on the following websites:

Faculty of Health Science

http://www.healthsci.utas.edu.au/faculty/teaching_learning/pdf/fhs_deferral08.pdf

Conservatorium of Music

<http://www.utas.edu.au/music/forms/deferraloffer.html>

An approved deferral means that you are guaranteed a place in the course in the following year and you do not need to reapply for entry, we will contact you prior to your commencement.

If you are not eligible for a deferral, there are still many options open to you, including:

- you may be able to enrol part-time;
- you may be able to commence in second semester;
- discuss your study options with Faculty or transition staff.

Non-acceptance

If your circumstances have changed since your application and you are not intending to accept an offer, please advise UTAS by contacting the Uni Info Centre on 1300 363 864 or by emailing course.info@utas.edu.au or student.centre@utas.edu.au. Offers for quota-restricted courses that are not accepted by the acceptance date will automatically lapse and places re-offered to other applicants.

Course Information

The Advanced Honours Program – Faculty of Arts

The Advanced Honours Program in the Faculty of Arts aims to provide high achieving undergraduate students with a learning environment in which their academic potential and creative excellence is encouraged and nurtured throughout the course of their undergraduate study.

The program runs concurrently alongside a number of degree courses in the Faculty of Arts and comprises seminars, presentations by visiting scholars and artists, forums and workshops during the academic year. Students will also have access to their own academic mentor who will provide individual academic mentoring and advice. To remain in the program students must maintain a distinction average in their study. Upon successful completion of their undergraduate degree students will gain direct entry into an Honours degree in the Faculty of Arts.

Year 12 students who expect to gain a TER/ITI score of 90 or above can apply for admission to the Advanced Honours Program within a single or combined degree course in the Faculty of Arts. The Advanced Honours program is available in the BA, BFA, BMUS and degrees combined with these courses. To apply for entry to an Advanced Honours Program select the relevant admission code, eg. *13AA Bachelor of Arts (Advanced Honours)*. For more information about the program and to access the full range of Arts degrees available within the Advanced Honours Program, go to the Faculty of Arts website at www.utas.edu.au/arts or email arts.advancedhonours@utas.edu.au.

Bachelor of Fine Arts (BFA) and Bachelor of Visual Communication (BVC) applicants

Applicants are normally expected to have satisfied the University's admission requirements. It is a distinct advantage for applicants to have completed a practically orientated pre-tertiary Visual Arts or Design subject or TAFE certificate, or have equivalent experience and/or qualifications.

Applicants who do not meet these requirements should submit a folio consisting of no more than ten photographs, drawings, paintings or electronic images of work and a statement outlining their interest in the course including any relevant experience or qualifications. Unsuccessful applicants to Bachelor degree courses may instead be offered admission to the Associate Degree in Arts, and after successful completion of 1 or 2 semesters can transfer to the BFA/BVC.

Where applicants have little or no evidence of a previous interest in or study of visual art or design they will be required to undertake FSA001 Preparatory Studies in Fine Art and Design in their first semester. Course counselling will be offered to all successful applicants prior to the start of semester, to discuss choice of studio and potential careers.

Bachelor of Medicine, Bachelor of Surgery applicants

Applications for Medicine close at **5pm on Wednesday, 30 September 2009**. Late applications for the Bachelor of Medicine, Bachelor of Surgery (M3N, M3NC) will **not** be considered.

All applicants must complete the course prerequisites, TCE pre-tertiary (or equivalent) Chemistry and English, with a successful result prior to **1 February 2010**. Provision of evidence of the successful completion is required by **8 February 2010**.

Medical Rural Bonded Scholarship (MRB)

To apply for a Medical Rural Bonded Scholarship at this University, download the MRB expression of interest form from the Tasmanian School of Medicine website. Forms are available after 1 August at <http://www.medicine.utas.edu.au/admissions/mrbs.html>. Send this completed form to the School of Medicine. The Admissions Office does not manage this process.

Bonded Medical Places (BMP) Scheme - (M3NC)

Applicants selecting this preference need to be aware that there is no financial scholarship attached to these places and should look at the information provided by the Australian Government at this website: <http://www.health.gov.au/internet/wcms/publishing.nsf/content/health-workforce-bmp>. (Applicants who express interest in a BMP do not forfeit their eligibility to be offered a non-bonded place).

Alternative pathways into Medicine and Pharmacy

Bachelor of Medicine, Bachelor of Surgery

UTAS accepts into Medicine up to 10 Australian applicants (including up to 6 from the Bachelor of Medical Research) each year on the basis of performance in the Bachelor of Medical Research, Bachelor of Biomedical Science, Bachelor of Biotechnology, Bachelor of Health Science, Bachelor of Science or the Bachelor of Environmental Science at UTAS. To be eligible to apply for the available places, applicants must have:

- completed a full-time year of study at UTAS in one of the listed degrees in the year prior to the proposed Medicine enrolment; and
- achieved a Distinction average (70%) or above for the two most recent semesters of full-time study; and
- satisfied the year 12 pre-requisites for Medicine - TCE pre-tertiary Chemistry (CHM315109) and Year 12 English (ENC315109 or ENW315109 or ENS315109) or equivalent; and
- completed the UMAT and have achieved a combined UMAT score at least equal to the lowest UMAT score in the cohort selected in other pathways.

Please note that from 2011 the approved Pathway courses will include the Bachelor of Pharmacy.

Bachelor of Pharmacy

UTAS will accept into the Bachelor of Pharmacy up to 5 Australian applicants each year on the basis of performance in the Bachelor of Medical Research, Bachelor of Science, Bachelor of Biotechnology, Bachelor of Biomedical Science, Bachelor of Health Science or the Bachelor of Environmental Science at UTAS. To be eligible to apply for the available places, applicants must have:

- completed a full-time year of study at UTAS in one of the listed degrees in the year prior to the proposed Pharmacy enrolment; and
- achieved a Grade Point Average of at least 6 (a distinction average)
- satisfied the year 12 pre-requisites for Pharmacy - TCE pre-tertiary Chemistry (CHM315109) and Mathematics Methods (MTM315109) or equivalent.

Students who complete appropriate units in the course prior to applying for Pharmacy may be granted credit for those units in the Bachelor of Pharmacy. It should be noted that, at this stage, this will not reduce the number of years of study in the Bachelor of Pharmacy, but students granted credit may have reduced workloads in some years of the program. Interested students should seek advice from the School of Pharmacy about units that may attract credit prior to undertaking the alternative entry program.

Australian Maritime College (AMC)

AMC is a specialist institute of the University and it offers both Vocational (VET) courses and Higher Education (HE) courses.

AMC offers the following VET courses and applicants for entry into one of these courses should visit <http://www.amc.edu.au/future/apply/vte/> or phone 1300 030 277.

Master Class 5	Engineer Class 3
Master Class 4	Marine Engine Driver 1
Integrated Rating	Marine Engine Driver 2
Coxswains	Marine Engine Driver 3

If you are applying for entry into any other AMC course, please follow the standard University application process detailed in this booklet.

If you are applying for entry into one of the AMC's seafarer programmes, please select the appropriate course as follows:

<i>Pre Sea (Deck)</i>	Diploma of Nautical Science (Deck Watchkeeper) (J1T) or Advanced Diploma Applied Science (Nautical Science) (J2U)
<i>Deck Watchkeeper</i>	Diploma of Applied Science (Deck Watchkeeper) (J1U)
<i>Pre Sea (Engine)</i>	Advanced Diploma of Marine Engineering (J2W)
<i>Engineer Watchkeeper</i>	Diploma of Marine Engineering (Watchkeeper) (J1W)
<i>Mate /Master (< 500GT)</i>	Diploma of Applied Science (Mate/Master < 500GT) (J1V)
<i>Second Engineer</i>	Advanced Diploma of Marine Engineering (Chief Engineer) (J2X)
<i>Chief Mate/Master</i>	Advanced Diploma of Applied Science (Chief Mate/Master) (J2V)
<i>Chief Engineer</i>	Advanced Diploma of Marine Engineering (Chief Engineer) (J2X)

Students who intend to seek Australian Maritime Safety Authority (AMSA) Certificate of Competency on completion of their course should be aware that they will need AMSA approved seetime as per Marine Orders Part 3 prior to undertaking orals. Seetime assessments are undertaken at AMC as part of the course. For further details visit www.amsa.gov.au.

If you are unsure whether the course you are applying for is Higher Education or Vocational, please contact the Uni Info Centre on 1300 363 864.

Law and Combined Law degree entry requirements

For 2010 entry the Faculty of Law will have a limited number of direct entry places available into the Combined Bachelor of Laws Degrees. To be eligible for entry applicants will need a minimum TER score of 90.

If you wish to apply for one of these places, and you are a Year 12 applicant, please put the relevant Degree with Introduction to Law as your first preference. For example, if you wish to be considered for the Bachelor of Economics and Bachelor of Laws (combined) indicate this by applying for Bachelor of Economics (+ Introduction to Law and Legal Systems). If you then achieve the required entry score, and there are enough places available, you will automatically be placed into the Bachelor of Economics and Bachelor of Laws (combined). Students are still required to complete the first year in another faculty (75%) in addition to the units LAW121 Introduction to Law and LAW122 Legal Systems.

If you do not have a TER of 90, you may still apply for entry. You should apply for a relevant degree with the units 'Introduction to Law and Legal Systems' in 2010 and be assessed at the end of the first year of study for transfer to a combined or straight Law degree.

Centenary Building, Sandy Bay

Prerequisites for Admission in 2010

In addition to meeting tertiary entry requirements, students are required to complete prerequisite studies for particular courses. Prerequisites may be studies undertaken in Years 11/12, or they may be completion of courses or degrees, and are required before students are eligible for consideration. Prerequisites must be completed at pre-tertiary level.

The University will give two years notice of changes to prerequisites, permitting students to undertake new prerequisites in Years 11/12. A list of current prerequisite subjects and their codes are available on page 25. Note all prerequisite subjects are at pre-tertiary level.

For further detail regarding course prerequisites, check the Course and Unit Handbook at <http://www.utas.edu.au/courses>.

Course	Pre-Requisites	Other Comments
Australian Maritime College		
Advanced Diploma of Applied Science (Nautical Science)	English any, Maths Methods or higher, and a choice of Biology, Chemistry, Environmental Science, Physical Sciences, Physics or Science of Natural Resources	Normally cadet entry only. Pre sea deck students to be admitted into the Dip Nautical Science (Deck Watchkeeper)
Advanced Diploma of Marine Engineering	English any, Maths Methods or higher, and a choice of Biology, Chemistry, Environmental Science, Physical Sciences, Physics or Science of Natural Resources	Students accepted into the Pre Sea Engine course enter into this course and 'early exit' with an AMC certificate in Pre Sea.
Advanced Diploma of Maritime and Logistics Management	English any	
Associate Degree in Aquaculture		
Bachelor of Applied Science (Maritime Technology Management)	English any, Maths Methods or higher, and a choice of Physical Sciences, Physics	
Bachelor of Business (Maritime and Logistics Management)	English any	
Bachelor of Engineering (Marine and Offshore Systems)	Maths Methods or higher, and a choice of Physics or Physical Sciences	English is recommended
Bachelor of Engineering (Naval Architecture)	Maths Methods or higher, and a choice of Physics or Physical Sciences	English is recommended
Bachelor of Engineering (Ocean Engineering)	Maths Methods or higher, and a choice of Physics or Physical Sciences	English is recommended
Diploma of Maritime and Logistics Management	English any	
Diploma of Nautical Science (Deck Watchkeeper)	English any, Maths Methods or higher, and a choice of Biology, Chemistry, Environmental Science, Physical Sciences, Physics or Science of Natural Resources	Students accepted into the Pre Sea Deck course enter into this course and 'early exit' with an AMC certificate in Pre Sea.
Faculty of Arts		
Associate Degree in Arts	Audition interview if visual/performing arts units are selected	
Associate Degree in Music Studies	Musicianship diagnostic test

Bachelor of Arts and Bachelor of Music (Combined)	As for Bachelor of Music	
Bachelor of Arts and Bachelor of Science (Advanced Honours) (Combined) (Year 12 only)	As for Bachelor of Science	
Bachelor of Arts and Bachelor of Science (Combined)	As for Bachelor of Science	
Bachelor of Contemporary Arts (Theatre Stream)	Audition and Interview	
Bachelor of Contemporary Arts (Visual Arts Stream)	Portfolio and Interview	
Bachelor of Fine Arts	Portfolio and Interview	Year 12 Art or Music subjects are desirable but not essential.
Bachelor of Fine Arts (Advanced Honours) (Year 12 only)	Portfolio and Interview	
Bachelor of Music	Audition and Interview	
Bachelor of Music (Advanced Honours) (Year 12 only)	As for Bachelor of Music	
Bachelor of Music (Orchestra Studies)	Audition and Interview	
Bachelor of Social Science	Nil	
Bachelor of Social Science (Police Studies)	Nil	
Bachelor of Visual Communication	Interview or Portfolio	
Bachelor of Visual Communication (Advanced Honours) (Year 12 only)	Interview or Portfolio	

Course	Pre-Requisites	Other Comments
Diploma in Languages	Pass at first-year university level in relevant language, or TCE Level 5 (HA or better), or equivalent	
Faculty of Business		
Associate Degree in Business Management		Concurrent studies at TAFE and UTAS
Associate Degree in General Studies	Nil	
Bachelor of Business	Nil	Students who do not have a maths background must complete UPP090 Bridging Maths or BEA109 Intro to Quantitative Methods before enrolling in the Unit BEA140 Quantitative Methods.
Bachelor of Business and Bachelor of Computing (Combined)	As for Bachelor of Business	
Bachelor of Business and Bachelor of Economics (Combined)	See individual courses for pre-requisites	See individual courses
Bachelor of Business and Bachelor of Information Systems (Combined)	Nil	As for Bachelor of Business
Bachelor of Business and Bachelor of Science (Combined)	See individual courses for pre-requisites	See individual courses
Bachelor of Economics	Maths Applied or Higher	
Bachelor of Economics and Bachelor of Science (Combined)	See individual courses for pre-requisites	As for Bachelor of Science
Bachelor of Tourism	Nil	
Faculty of Education		
Bachelor of Education	Nil	
Bachelor of Education (Early Childhood)	Nil	
Bachelor of Education (Primary)	Nil	
Bachelor of Physical Activity Studies	Nil	
Faculty of Health Science		
Bachelor of Biomedical Science	Chemistry and Maths Applied or Higher	
Bachelor of Exercise Science	Physical Sciences with one other science or maths subject (Health Studies, Sport Science, Maths Applied, Maths Methods, Maths Specialised, Biology, Chemistry or Physics)	
Bachelor of Health Science	One of the following or equivalent: Biology, Chemistry, Health Studies, Food Studies, Physical Sciences, Physics, Maths Applied, Maths Methods, Maths Specialised, Biology, Chemistry or Physics)	Completion of Chemistry or Maths Applied is an advantage for the Bioscience stream
Bachelor of Health Science (Environmental Health)	Physical Sciences plus a Mathematics (Maths Methods or Maths Applied) or Chemistry or equivalent	
Bachelor of Health Science and Bachelor of Medical Radiation Science	Maths Applied or Higher & Physical Sciences or Physics	

Course	Pre-Requisites	Other Comments
(Medical Imaging)		
Bachelor of Medical Research	Chemistry & Physical Sciences, or equivalents	
Bachelor of Medicine, Bachelor of Surgery	Chemistry & English (English Communications, English Studies or English Writing or equivalents)	A sound background in Maths (e.g. Maths Methods) is desirable. Medicine applicants who meet the pre-requisites are then ranked in terms of their performance in the UMAT.
Bachelor of Nursing (pre-registration) 2 Year Fast Track	Nil	Recommend English, Biology or Health Studies and a humanities subject (e.g. Sociology or Psychology)
Bachelor of Nursing (pre-registration) 3 Year	Nil	Recommend English, Biology or Health Studies and a humanities subject (e.g. Sociology or Psychology)
Bachelor of Paramedic Practice	Nil	
Bachelor of Pharmacy	Chemistry & Maths Methods	
Faculty of Law		
Bachelor of Arts (+ Intro to Law + Legal Systems)	Nil	
Bachelor of Arts and Bachelor of Laws (Advanced Honours) (Combined) (Year 12's only)	Nil	
Bachelor of Arts and Bachelor of Laws (Combined)	Nil	
Bachelor of Business (+ Intro to Law + Legal Systems)		As for Bachelor of Business
Bachelor of Business and Bachelor of Laws (Combined)		As for Bachelor of Business
Bachelor of Computing (+ Intro to Law + Legal Systems)	Nil	
Bachelor of Computing and Bachelor of Laws (Combined)	Nil	
Bachelor of Economics (+ Intro to Law + Legal Systems)	Maths Applied or Higher	
Bachelor of Economics and Bachelor of Laws (Combined)	Maths Applied or Higher	
Bachelor of Information Systems (+ Intro to Law + Legal Systems)	Nil	
Bachelor of Information Systems and Bachelor of Laws (Combined)	Nil	
Bachelor of Laws		
Bachelor of Music (+ Intro to Law + Legal Systems)	As for Bachelor of Music	
Bachelor of Music and Bachelor of Laws (Combined)	As for Bachelor of Music	
Bachelor of Science (+ Intro to Law + Legal Systems)		As for Bachelor of Science
Bachelor of Science and Bachelor of Laws (Combined)		As for Bachelor of Science

Course	Pre-Requisites	Other Comments
Faculty of Science		
Associate Degree in Computing	Nil	
Associate Degree in Science	Nil	
Bachelor of Agricultural Science	Chemistry & Maths Applied or Higher	
Bachelor of Antarctic Science	Nil	
Bachelor of Applied Science (Agriculture)	Nil	
Bachelor of Behavioural Science	Nil	
Bachelor of Biotechnology	Chemistry & Maths Applied or Higher	
Bachelor of Computing	Nil	
Bachelor of Computing and Bachelor of Economics (Combined)	Maths Applied or Higher	
Bachelor of Computing and Bachelor of Information Systems (Combined)	Nil	
Bachelor of Computing and Bachelor of Science (Combined)	As for Bachelor of Science	As for Bachelor of Science
Bachelor of Engineering	Maths Methods or higher & Physical Sciences	
Bachelor of Engineering - Master of Business Administration	As for Bachelor of Engineering. Entry direct from Year 12 is based on a TCE score of 85 or above & the achievement of a 65% average mark over the first two years of the Bachelor of Engineering	
Bachelor of Environmental Design (Architecture)	Nil	Entry based on interview & folio, &/or demonstration of relevant skills and knowledge. This course is a pre-requisite for the Master of Architecture.
Bachelor of Environmental Design (Furniture Design)	Nil	Entry based on interview & folio, &/or demonstration of relevant skills and knowledge. This course is a pre-requisite for the Master of Architecture.
Bachelor of Environmental Design (Interior Design)	Nil	Entry based on interview & folio, &/or demonstration of relevant skills and knowledge. This course is a pre-requisite for the Master of Architecture.
Bachelor of Environmental Science	Chemistry & Maths Applied or Higher	
Bachelor of Information Systems	Nil	
Bachelor of Information Systems (UTAS) - Diploma of Information Technology (TAFE)	Currently studying Diploma of Information Technology	
Bachelor of Marine Science	Biological Stream: Chemistry, Physical Stream: Maths Methods or higher, Physics & Chemistry	
Bachelor of Natural Environment and Wilderness Studies	As for Bachelor of Science	As for Bachelor of Science

Course	Pre-Requisites	Other Comments
Bachelor of Psychology		As entry to the Bachelor of Psychology is competitive, students are advised to also list alternative course preferences which include Psychology as a study option (e.g. Arts, Business, Science) when applying.
Bachelor of Regional Resource Management	Nil	
Bachelor of Science	Specific pre-requisites apply depending on units selected within the degree (e.g. Chemistry, Maths, Physics)	Students are advised to study two or more subjects from the maths and sciences.
Bachelor of Science (Advanced Honours) (Year 12 only)	As for Bachelor of Science. Applicants are ranked on the basis of academic merit, based on an ITI score of at least 90 (reviewed annually)	As for Bachelor of Science
Bachelor of Science (Economic Geology)	As for Bachelor of Science	As for Bachelor of Science
Bachelor of Science (Natural Environment & Wilderness Management)	As for Bachelor of Science	As for Bachelor of Science
Bachelor of Science and Bachelor of Engineering	See individual courses for pre-requisites. Students wishing to combine studies in both science & engineering normally complete a first year in engineering.	
Bachelor of Surveying and Spatial Sciences	Maths Methods & Physical Sciences	
Diploma of Creative Media Technology	Nil	

Schedule of 2009 TCE Subjects approved for 2010 University Entry

English

ENC315109	English- Communications

TCE Score Statistics

The TE Score Ranges on the following pages or advice based on this data should not be provided to anyone unless the qualifications below are made clear.

The information about TERs is made available primarily for the information of teachers and student counsellors. The information needs to be understood in the context of the University of Tasmania's admission selection process and is subject to the following qualifications.

- The data is based on those students who studied Year 12 in Tasmania in 2008, who satisfied the University's minimum entry requirements and who subsequently applied to the University of Tasmania.
- The data supplied is indicative and is supplied for information only. Places in 2010 or future years are not guaranteed to students achieving more than the minimum scores shown. Conversely, students should not be discouraged from applying for courses simply because they expect to achieve a lower score than that shown. The selection process allows a student to nominate 4 preferences and students are assessed for all preferences in order from 1 to 4. There is no disadvantage in nominating a course for which a student may not achieve the minimum score, as the selection process then simply moves on to assess the next preference as if it were the highest preference.
- Selection is based on ranking of the applicant cohort in each year and as there may be significant changes in demand for particular courses and in the quality of applicants for those courses, cut-off scores may vary either up or down from year to year.
- Data is not included on Visual and Performing Arts courses as entry to these courses is not simply based on the TER.

Whilst it is difficult to generalise, given the considerations outlined above, many students are interested in a broad indication of standards required. Given experience to date it seems likely that students will need to achieve a TER of at least 50 to be considered for entry to an undergraduate course. Students with a score of 65 or more should have a reasonable expectation of gaining entry to their course of first choice, except for high demand courses such as Medicine and Pharmacy. For students below a score of 50 an offer will be considered on an individual basis following assessment of any extenuating circumstances. Students are encouraged to nominate the full four preferences to maximise their chances of gaining entry.

For the undergraduate courses listed, Tasmanian school leavers who meet the University's minimum entry requirements (or who are considered under the provisions for concessional entry) are ranked on the basis of their TER for each of their nominated preferences. Where the course has specific subject prerequisites, students without those prerequisites are excluded. Offers are made to students in order of rank until the course quota is filled or until the acceptable minimum score for the course is reached.

A student's application for a course may be rejected for the following reasons:

- the student has not met the minimum requirements for University entry;
- the student has not passed specified prerequisite subjects for the course;
- the student has a score below the point at which the course quota is full; and/or
- the student has a score below an acceptable minimum for the course.

Applications are assessed strictly in order of preference until either the applicant is made an offer in the highest preference for which they are eligible or they are found to be ineligible for all nominated preferences. If an applicant is unsuccessful in all their preferences the University will endeavour to provide alternative course options or pathways.

Tertiary Entrance Score range of 2009 Tasmanian Year 12 applicants by course offered

Course Offered	95-99.95	90-94.95	85-89.95	80-84.95	75-79.95	70-74.95	60-69.95	50-59.95	All Scores

Privacy Policy

The University of Tasmania is committed to the appropriate and lawful management of personal information, and in particular to compliance, as a personal information custodian, with the Personal Information Protection Act 2004 (Tas).

This Act is designed to protect the rights of applicants and the University of Tasmania. The University is committed to protecting student privacy through policy and procedural systems.

To obtain a copy of the University of Tasmania's Privacy Policy, visit http://www.utas.edu.au/universitycouncil/legislation/pol_privacy.pdf.

Enquiries and Submissions

Enquiries concerning information in this circular should be directed to the Admissions Office either by writing to Private Bag 45, Hobart, Tas, 7001 or by telephoning 1300 361 928. Formal submissions for exemptions from Minimum Entry Requirements should be made in writing and either posted or emailed to admissions@utas.edu.au.

Disclaimer

The information in this Guide was accurate when published (September 2009). The University of Tasmania reserves the right to change, vary or withdraw any course or program that they offer, and/or to enforce restrictions on enrolment in any unit or course. Applicants will be notified of any changes. In normal circumstances changes affecting admission requirements will be notified two years in advance allowing prospective students to undertake any pre-requisite subjects.

Enquiries regarding the University's admission requirements should be directed to the Admissions Office by telephone on 1300 361 928 or email to admissions@utas.edu.au.
