UTAS Newnham Campus

The Admissions Process

Decide which course you would like to study

**If you need assistance, contact the Uni Info
Centre on 1300 363 864 or visit
www.utas.edu.au**

**Complete an online application at
www.utas.edu.au/apply**

Provide supporting documentation if required

**You may be contacted by the
Admissions Office
to discuss course options**

**Receive your Letter of Offer and
details of how to accept**

Introduction

The International Baccalaureate (IB) Diploma programme is a two year pre-tertiary course. Based in Switzerland, the IB Diploma programme was established in 1968 and now over 2000 schools in 138 countries participate in the Diploma programme with just under 100,000 students being assessed annually.

The University of Tasmania welcomes applications for admission from students who have been awarded the Diploma. Applicants with incomplete Diplomas (Certificate students) will be considered for concessional entry and should therefore not be deterred from applying.

How is an IB score compared to the Tasmanian Tertiary Entrance Score and Interstate Comparisons?

Courses at the University may be subject to quota selection in 2010, as some courses have a limited number of places and high numbers of applications.

IB applicants will be ranked according to their IB score on the following scale.

2009 IB Conversion Table			
For 2010 university admissions in NSW & ACT, QLD, TAS, VIC and WA			
Passing Score	Combined Rank	Passing Score	Combined Rank
45	99.95	34	92.55
44	99.90	33	90.95
43	99.80	32	89.05
42	99.70	31	86.85
41	99.30	30	84.00
40	98.90	29	81.30
39	98.20	28	79.45
38	97.50	27	77.35
37	96.60	26	74.95
36	95.30	25	72.25
35	93.90	24	68.95

Note: For tertiary entrance purposes, this Combined Rank measure of overall achievement is comparable with the ATAR in NSW/ACT; the ENTER in Victoria; and the TER in SA/NT, Tasmania and WA. This means that a Combined Rank of 99.95 equals a ATAR of 99.95 equals an ENTER of 99.95 equals a TER of 99.95.

NSW, ACT, QLD, TAS, VIC and WA have agreed on a common 'score' for students who complete Year 12. The Combined Rank is a national scale based on population statistics and retention rates provided by the Australian Government. It is a measure of the performance of students relative to other students who have attempted Year 12 in their state in the same year, but with an adjustment made in recognition that different proportions of students choose to enrol in Year 12 in each of the states and territories.

IB Subjects for Admission in 2010

For information on IB subjects available worldwide go to <http://www.ibo.org/diploma>. The University has approved the following list for subjects offered in Tasmanian schools/colleges:

Group 1 Language A1

English A1 HL and SL

Any other A1 language, provided the student has Group 2 English A2 or B HL or SL

Group 2 Second Language A2, B or ab initio

Any Second Language subjects under Group 2 at HL or SL are approved for University admission. Examples include:

Chinese B HL and SL

French B HL and SL, and French ab initio Standard Level

German B HL and SL

Japanese B HL and SL, and Japanese ab initio Standard Level

Group 3 Individuals and Societies

Business and Management HL and SL

Economics HL and SL

Geography HL and SL

History HL and SL

Information Technology in a Global Society HL and SL

Islamic History HL and SL

Philosophy HL and SL

Psychology HL and SL

Social and Cultural Anthropology HL and SL

Group 4 Experimental Sciences

Biology HL and SL

Chemistry HL and SL

Design Technology HL and SL

Environmental Systems and Societies (known as Environmental Systems SL prior to 2009) – Considered Group 3 also

Physics HL and SL

Group 5 Mathematics and Computer Science

Mathematics HL

Further Mathematics SL

Mathematical Methods SL

Mathematical Studies SL

Computer Science HL and SL

Group 6 Arts and Electives

Visual Arts HL and SL

Music HL and SL

Theatre Arts HL and SL

** Pilot or school-based syllabi accredited by IBO are not included in this list.*

Prerequisites for Admission in 2010

IB Pre-requisites for all University courses are set out below. Please note that unless otherwise indicated:

1. All pre-requisite IB studies are at the Standard Level; and
2. All pre-requisite subjects must be passed at grade 5 (good) or higher at Standard Level, or grade 4 (satisfactory) or higher at Higher Level.

Diplomates not achieving the stated minimum pre-requisite grade at either Standard Level or Higher Level in a pre-requisite subject may be considered for entry by the relevant Faculty and may be subject to any conditions of enrolment identified by the Faculty.

Applicants with incomplete IB diplomas or presenting with less than the above required standards may be considered for concessional entry and should therefore not be deterred from applying.

The table below provides information on pre-requisites and other entry requirements such as auditions and interviews.

Course	Pre-Requisites	Other Comments
Australian Maritime College		
Advanced Diploma of Applied Science (Nautical Science)	English, Maths, Science	Normally cadet entry only. Pre sea deck students to be admitted into the Dip Nautical Science (Deck Watchkeeper)
Advanced Diploma of Marine Engineering	English, Maths, Science	Students accepted into the Pre Sea Engine course enter into this course and 'early exit' with an AMC certificate in Pre Sea.
Advanced Diploma of Maritime and Logistics Management	English	
Associate Degree in Aquaculture		
Bachelor of Applied Science (Maritime Technology Management)	English, Maths, Physics	
Bachelor of Business (Maritime and Logistics Management)	English	
Bachelor of Engineering (Marine and Offshore Systems)	Maths, Physics	English is recommended
Bachelor of Engineering (Naval Architecture)	Maths, Physics	English is recommended
Bachelor of Engineering (Ocean Engineering)	Maths, Physics	English is recommended
Diploma of Maritime and Logistics Management	English	
Diploma of Nautical Science (Deck Watchkeeper)	English, Maths, Physics	Students accepted into the Pre Sea Deck course enter into this course and 'early exit' with an AMC certificate in Pre Sea.
Faculty of Arts		
Associate Degree in Arts	Audition interview if visual/performing arts units are selected	
Associate Degree in Music Studies	Musicianship diagnostic test

Bachelor of Arts and Bachelor of Science (Combined)	As for Bachelor of Science	
Bachelor of Contemporary Arts (Theatre Stream)	Audition and Interview	
Bachelor of Contemporary Arts (Visual Arts Stream)	Portfolio and Interview	
Bachelor of Fine Arts	Portfolio and Interview	Students are encouraged to gain Visual Arts Higher Level with a grade of 3 or standard level with a grade of 4 or Music Higher Level with a grade of 4 or standard level with a grade of 5.
Bachelor of Fine Arts (Advanced Honours) (Year 12 only)	Portfolio and Interview	
Bachelor of Music	Audition and Interview	
Bachelor of Music (Advanced Honours) (Year 12 only)	As for Bachelor of Music	
Bachelor of Music (Orchestra Studies)	Audition and Interview	
Bachelor of Social Science	Nil	
Bachelor of Social Science (Police Studies)	Nil	
Bachelor of Visual Communication	Interview or Portfolio	
Bachelor of Visual Communication (Advanced Honours) (Year 12 only)	Interview or Portfolio	
Diploma in Languages	Students who pass French B or German B at Higher Level 5 or standard Level 7 may apply to enrol in second year	Applicants must have passed the first year at university level in the language in which they wish to

Course	Pre-Requisites	Other Comments
	university level French/German units. IB students who pass Japanese B at Higher Level 4, Japanese B at standard Level 5 or Japanese ab initio standard Level 7 may apply to enrol in second year university level Japanese units. IB students who pass Indonesian B at Higher Level 5, Indonesian B at standard Level 6 or Indonesian ab initio standard Level 7 may apply to enrol in second year university level Indonesian units.	study or be deemed by the Head of School, Asian Languages and Studies or English, Journalism and European Languages to have reached an equivalent level of proficiency, e.g. TCE French or Indonesian Stage 5C (HA) or IB equivalent.
Faculty of Business		
Associate Degree in Business Management		Concurrent studies at TAFE and UTAS
Associate Degree in General Studies	Nil	
Bachelor of Business	Nil	Students who do not have a maths background must complete UPP090 Bridging Maths or BEA109 Intro to Quantitative Methods before enrolling in the Unit BEA140 Quantitative Methods.
Bachelor of Business and Bachelor of Computing (Combined)	As for Bachelor of Business	
Bachelor of Business and Bachelor of Economics (Combined)	See individual courses for pre-requisites	See individual courses
Bachelor of Business and Bachelor of Information Systems (Combined)	Nil	As for Bachelor of Business
Bachelor of Business and Bachelor of Science (Combined)	See individual courses for pre-requisites	See individual courses
Bachelor of Economics	Maths	
Bachelor of Economics and Bachelor of Science (Combined)	See individual courses for pre-requisites	As for Bachelor of Science
Bachelor of Tourism	Nil	
Faculty of Education		
Bachelor of Education	Nil	
Bachelor of Education (Early Childhood)	Nil	
Bachelor of Education (Primary)	Nil	
Bachelor of Physical Activity Studies	Nil	
Faculty of Health Science		
Bachelor of Biomedical Science	Chemistry, Maths	
Bachelor of Exercise Science	Physics with one or more from specified science or maths subjects	
Bachelor of Health Science	One of the following or equivalent: Biology, Chemistry, Physics, Maths, or appropriate foundation unit	Completion of Chemistry or Maths is an advantage for the Bioscience stream
Bachelor of Health Science (Environmental Health)	Physics plus Maths or Chemistry or equivalent	

Course	Pre-Requisites	Other Comments
Bachelor of Health Science and Bachelor of Medical Radiation Science (Medical Imaging)	Maths & Physics	
Bachelor of Medical Research	Chemistry, Physics	
Bachelor of Medicine, Bachelor of Surgery	Chemistry, English	A sound background in Maths is desirable. Medicine applicants who meet the pre-requisites are then ranked in terms of their performance in the UMAT.
Bachelor of Nursing (pre-registration) 2 Year Fast Track	Nil	Recommend English, Biology & a subject from Group 3 (Individuals and Societies) e.g. Psychology
Bachelor of Nursing (pre-registration) 3 Year	Nil	Recommend English, Biology & a subject from Group 3 (Individuals and Societies) e.g. Psychology
Bachelor of Paramedic Practice	Nil	
Bachelor of Pharmacy	Chemistry, Maths	
Faculty of Law		
Bachelor of Arts (+ Intro to Law + Legal Systems)	Nil	
Bachelor of Arts and Bachelor of Laws (Advanced Honours) (Combined) (Year 12's only)	Nil	
Bachelor of Arts and Bachelor of Laws (Combined)	Nil	
Bachelor of Business (+ Intro to Law + Legal Systems)		As for Bachelor of Business
Bachelor of Business and Bachelor of Laws (Combined)		As for Bachelor of Business
Bachelor of Computing (+ Intro to Law + Legal Systems)	Nil	
Bachelor of Computing and Bachelor of Laws (Combined)	Nil	
Bachelor of Economics (+ Intro to Law + Legal Systems)	Maths	
Bachelor of Economics and Bachelor of Laws (Combined)	Maths	
Bachelor of Information Systems (+ Intro to Law + Legal Systems)	Nil	
Bachelor of Information Systems and Bachelor of Laws (Combined)	Nil	
Bachelor of Laws		
Bachelor of Music (+ Intro to Law + Legal Systems)	As for Bachelor of Music	
Bachelor of Science (+ Intro to Law + Legal Systems)		As for Bachelor of Science
Bachelor of Science and Bachelor of Laws (Combined)		As for Bachelor of Science
Faculty of Science		
Associate Degree in Computing	Nil	

Course	Pre-Requisites	Other Comments
Associate Degree in Science	Nil	
Bachelor of Agricultural Science	Chemistry, Maths	
Bachelor of Antarctic Science	Nil	
Bachelor of Applied Science (Agriculture)	Nil	
Bachelor of Behavioural Science	Nil	
Bachelor of Biotechnology	Chemistry, Maths	
Bachelor of Computing	Nil	
Bachelor of Computing and Bachelor of Economics (Combined)	Maths	
Bachelor of Computing and Bachelor of Information Systems (Combined)	Nil	
Bachelor of Computing and Bachelor of Science (Combined)	As for Bachelor of Science	As for Bachelor of Science
Bachelor of Engineering	Maths, Physics	
Bachelor of Engineering - Master of Business Administration	As for Bachelor of Engineering. Entry direct from Year 12 is based on a TCE score of 85 or above & the achievement of a 65% average mark over the first two years of the Bachelor of Engineering	
Bachelor of Environmental Design (Architecture)	Nil	Entry based on interview & folio, &/or demonstration of relevant skills and knowledge. This course is a pre-requisite for the Master of Architecture.
Bachelor of Environmental Design (Furniture Design)	Nil	Entry based on interview & folio, &/or demonstration of relevant skills and knowledge. This course is a pre-requisite for the Master of Architecture.
Bachelor of Environmental Design (Interior Design)	Nil	Entry based on interview & folio, &/or demonstration of relevant skills and knowledge. This course is a pre-requisite for the Master of Architecture.
Bachelor of Environmental Science	Chemistry, Maths	
Bachelor of Information Systems	Nil	
Bachelor of Information Systems (UTAS) - Diploma of Information Technology (TAFE)	Currently studying Diploma of Information Technology	
Bachelor of Marine Science	Biological Stream: Chemistry, Physical Stream: Maths, Physics & Chemistry	
Bachelor of Natural Environment and Wilderness Studies	As for Bachelor of Science	As for Bachelor of Science
Bachelor of Psychology		As entry to the Bachelor of Psychology is competitive, students are advised to also list alternative course preferences which include Psychology as a study option (e.g. Arts, Science)

<i>Course</i>	<i>Pre-Requisites</i>	<i>Other Comments</i>
		when applying.
Bachelor of Regional Resource Management	Nil	
Bachelor of Science	Specific pre-requisites apply depending on units selected within the degree (e.g. Chemistry, Maths, Physics)	Students are advised to study two or more subjects from the maths and sciences.
Bachelor of Science (Advanced Honours) (Year 12 only)	As for Bachelor of Science.	As for Bachelor of Science. Applicants must have an IB score of 33 or above.
Bachelor of Science (Economic Geology)	As for Bachelor of Science	As for Bachelor of Science
Bachelor of Science (Natural Environment & Wilderness Management)	As for Bachelor of Science	As for Bachelor of Science
Bachelor of Science and Bachelor of Engineering	See individual courses for pre-requisites. Students wishing to combine studies in both science & engineering normally complete a first year in engineering.	
Bachelor of Surveying and Spatial Sciences	Maths, Physics	
Diploma of Creative Media Technology	Nil	

IB Examination Results

The University of Tasmania wishes to advise that the (relatively) late release of IB results in early January does not disadvantage IB applicants.

According to the International Baccalaureate Organization Handbook of Procedures 'A university, college or admissions centre (or college) may require evidence of a candidate's results directly from the IB. On request, the results for a candidate will be sent directly to the institution in electronic or paper format (a transcript of grades).' Requests for this service must be submitted using form B2 by your IB Coordinator on IBIS according to the deadlines [Latest arrival date 15 October].

The University of Tasmania has its own admissions centre, therefore students will need to complete a request for this individual university.

Centenary Building, Sandy Bay

Entry Pathways

UTAS encourages and supports people's desires and plans to study at University. For applicants who do not meet general entry requirements, we may be able to offer a pathway to Bachelor level study via the Associate Degree.

The Associate Degree (itself a formal qualification for 2 years of full-time study) is offered in a number of disciplines:

- Aquaculture
- Arts
- Business Management
- Computing
- Furniture Design
- General Studies
- Music
- Science

The Associate Degree, when offered as a pathway to Bachelor level study, is a stepping stone process. It provides an opportunity for students to experience the requirements and demands of tertiary study, acquaint them with university life, and enable them to ease gently into study. Applicants offered a pathway option via an Associate Degree may only need to complete one or two semesters within the Associate Degree structure before being eligible to apply for admission to a Bachelor Degree.

Study in the Associate Degree may be full time or part time, and students can choose to study units from Bachelor Degree programs, as well as Preparatory and/or Foundation Units.

If you do not yet meet the general university entry requirements, or specific course requirements (e.g. a prerequisite subject) or have not been assessed and ranked highly enough at the time of application to be admitted to a place, you will be considered for an alternative course offer that best meets your needs and circumstances. This may be a place in a Bridging (Preparatory) course or a place in an Associate Degree that may subsequently lead into a degree program. An alternative course pathway offer will identify any conditions that you may need to meet including any academic performance requirements for you to transfer to your desired degree course (e.g. satisfactory completion of foundation units).

Riawunna, Centre for Aboriginal Education, conducts an orientation and assessment program to assist in preparation for study and to make recommendations for admission to the Admissions Committee of the relevant Faculty. People of Aboriginal or Torres Strait Islander origin over the age of 18 may apply directly to Riawunna for admission to Riawunna's Murina (Bridging) Program. Successful completion of this program will assist in gaining admission to many degree courses offered by the University of Tasmania.

UTAS is committed to guiding and supporting all its students to enable them to achieve positive academic outcomes. Our Pathway Officers work closely with the Student Advisers, who are available to assist all students, especially first year students, in their transition to tertiary study. Our Pathway Officers will liaise with the relevant Student Advisers on behalf of Pathway students so that services, support, information and advice, is available and accessible if needed.

We strongly encourage all applicants to explore the wealth of information, services and opportunities that UTAS has to offer students. Our web pages are a great place to start. For Pathway advice, please contact the Admissions Pathway Officers on (03) 6226 1985 (Hobart) or (03) 6324 3525 (Launceston); email admissions.pathways@utas.edu.au.

UTAS College & High Achiever Programs

Year 12 students undertaking study at UTAS through UTAS College (including High Achiever Programs) are required to complete an application for admission to their preferred course by the due date. These programs include:

- High Achiever Program
- Latin
- Prelude
- Overture
- Music Development
- College Language Program
- Chinese Language Program
- Performing Arts
- Winter Art School
- Academy of the Arts
- Philosophy Lab
- Aboriginal Studies Program
- Accounting and Financial Decision Making

Applicants should apply to UTAS as a Year 12 applicant, and should not include their Program details within the 'Previous Tertiary Studies' section of the application. This is to ensure they are eligible and considered for all Year 12 admission and scholarship opportunities.

Applicants seeking credit towards their degree on the basis of study completed under the UTAS College Programs should complete an Application for Credit, available from http://www.studentcentre.utas.edu.au/admissions/forms_files/index.html.

Auditions/Portfolio Submission/Interviews

For some University courses, there may be a requirement to submit a portfolio, or attend interviews and/or auditions. Applicants applying for courses for which these are required will be contacted by the relevant Faculty/School with details of times/dates. Further information may be found at <http://www.utas.edu.au/apply>.

Acceptance of offers

You must receive an offer of a place before you can accept and subsequently enrol. If your application is successful you will be sent a Letter of Offer. If you submitted your application online, you return to your eApplication at www.utas.edu.au/apply to accept your offer. If you submitted a paper application, there will be an Acceptance of Offer form attached to your Letter of Offer.

Applicants wishing to accept an offer in a quota-restricted course must do so by the date specified in their letter of offer, otherwise the offer will automatically lapse and the place will be re-offered to another applicant.

All applicants are encouraged to accept their offer as early as possible.

Non-acceptance

If your circumstances have changed since your application and you are not intending to accept an offer, please advise UTAS by contacting the Uni Info Centre on 1300 363 864 or by emailing course.info@utas.edu.au or student.centre@utas.edu.au. Offers for quota-restricted courses that are not accepted by the acceptance date will automatically lapse and places re-offered to other applicants.

GETTING STARTED AT UTAS

Ready for Uni

Ready for Uni is designed to assist you with understanding your offer, the steps you need to follow in managing your enrolment and preparation for commencement of study.

When you accept your offer, you will be directed to the most suitable Ready for Uni option for your course. This may be an on campus workshop at Hobart, Launceston or Cradle Coast Campus; or an online option.

For further information about Ready for Uni please go to <http://www.utas.edu.au/enrol/readyforuni/>.

Deferral of Offer

If you have received an offer of a place and wish to delay commencing your undergraduate course until 2011, you may be eligible to apply for a deferral.

Deferrals will only be granted to students who meet one or more of the following criteria:

- a Tertiary Entrance Rank (TER) of at least 75; or
- a completed International Baccalaureate Diploma with a score of at least 26; or
- a University Grade Point Average (GPA) of at least 5.

Deferrals are not available in all courses and are strictly limited in some others. The Faculty of Health Science and the Conservatorium of Music have restrictions on the availability and/or number of deferrals. Students who have received an offer of a place in a course within either of these areas, should review the information on the following websites:

Faculty of Health Science

http://www.healthsci.utas.edu.au/faculty/teaching_learning/pdf/fhs_deferral08.pdf

Conservatorium of Music

<http://www.utas.edu.au/music/forms/deferraloffer.html>

An approved deferral means that you are guaranteed a place in the course in the following year and you do not need to reapply for entry, we will contact you prior to your commencement.

If you are not eligible for a deferral, there are still many options open to you, including:

- you may be able to enrol part-time;
- you may be able to commence in second semester;
- discuss your study options with Faculty or transition staff.

Course Information

The Advanced Honours Program – Faculty of Arts

The Advanced Honours Program in the Faculty of Arts aims to provide high achieving undergraduate students with a learning environment in which their academic potential and creative excellence is encouraged and nurtured throughout the course of their undergraduate study.

The program runs concurrently alongside a number of degree courses in the Faculty of Arts and comprises seminars, presentations by visiting scholars and artists, forums and workshops during the academic year. Students will also have access to their own academic mentor who will provide individual academic mentoring and advice. To remain in the program students must maintain a distinction average in their study. Upon successful completion of their undergraduate degree students will gain direct entry into an Honours degree in the Faculty of Arts.

Year 12 students who expect to gain a TER/ITI score of 90 or above can apply for admission to the Advanced Honours Program within a single or combined degree course in the Faculty of Arts. The Advanced Honours program is available in the BA, BFA, BMUS and degrees combined with these courses. To apply for entry to an Advanced Honours Program select the relevant admission code, eg. *13AA Bachelor of Arts (Advanced Honours)*. For more information about the program and to access the full range of Arts degrees available within the Advanced Honours Program, go to the Faculty of Arts website at www.utas.edu.au/arts or email arts.advancedhonours@utas.edu.au.

Bachelor of Fine Arts (BFA) and Bachelor of Visual Communication (BVC) applicants

Applicants are normally expected to have satisfied the University's admission requirements. It is a distinct advantage for applicants to have completed a practically orientated pre-tertiary Visual Arts or Design subject or TAFE certificate, or have equivalent experience and/or qualifications.

Applicants who do not meet these requirements should submit a folio consisting of no more than ten photographs, drawings, paintings or electronic images of work and a statement outlining their interest in the course including any relevant experience or qualifications. Unsuccessful applicants to Bachelor degree courses may instead be offered admission to the Associate Degree in Arts, and after successful completion of 1 or 2 semesters can transfer to the BFA/BVC.

Where applicants have little or no evidence of a previous interest in or study of visual art or design they will be required to undertake FSA001 Preparatory Studies in Fine Art and Design in their first semester. Course counselling will be offered to all successful applicants prior to the start of semester, to discuss choice of studio and potential careers.

Bachelor of Medicine, Bachelor of Surgery applicants

Applications for Medicine close at **5pm on Wednesday, 30 September 2009**. Late applications for the Bachelor of Medicine, Bachelor of Surgery (M3N, M3NC) will **not** be considered.

All applicants must complete the course prerequisites, TCE pre-tertiary (or equivalent) Chemistry and English, with a successful result prior to **1 February 2010**. Provision of evidence of the successful completion is required by **8 February 2010**.

Medical Rural Bonded Scholarship (MRB)

To apply for a Medical Rural Bonded Scholarship at this University, download the MRB expression of interest form from the Tasmanian School of Medicine website. Forms are available after 1 August at <http://www.medicine.utas.edu.au/admissions/mrbs.html>. Send this completed form to the School of Medicine. The Admissions Office does not manage this process.

Bonded Medical Places (BMP) Scheme - (M3NC)

Applicants selecting this preference need to be aware that there is no financial scholarship attached to these places and should look at the information provided by the Australian Government at this website: <http://www.health.gov.au/internet/wcms/publishing.nsf/content/health-workforce-bmp>. (Applicants who express interest in a BMP do not forfeit their eligibility to be offered a non-bonded place).

Alternative pathways into Medicine and Pharmacy

Bachelor of Medicine, Bachelor of Surgery

UTAS accepts into Medicine up to 10 Australian applicants (including up to 6 from the Bachelor of Medical Research) each year on the basis of performance in the Bachelor of Medical Research, Bachelor of Biomedical Science, Bachelor of Biotechnology, Bachelor of Health Science, Bachelor of Science or the Bachelor of Environmental Science at UTAS. To be eligible to apply for the available places, applicants must have:

- completed a full-time year of study at UTAS in one of the listed degrees in the year prior to the proposed Medicine enrolment; and
- achieved a Distinction average (70%) or above for the two most recent semesters of full-time study; and
- satisfied the year 12 pre-requisites for Medicine - TCE pre-tertiary Chemistry (CHM315109) and Year 12 English (ENC315109 or ENW315109 or ENS315109) or equivalent; and
- completed the UMAT and have achieved a combined UMAT score at least equal to the lowest UMAT score in the cohort selected in other pathways.

Please note that from 2011 the approved Pathway courses will include the Bachelor of Pharmacy.

Bachelor of Pharmacy

UTAS will accept into the Bachelor of Pharmacy up to 5 Australian applicants each year on the basis of performance in the Bachelor of Medical Research, Bachelor of Science, Bachelor of Biotechnology, Bachelor of Biomedical Science, Bachelor of Health Science or the Bachelor of Environmental Science at UTAS. To be eligible to apply for the available places, applicants must have:

- completed a full-time year of study at UTAS in one of the listed degrees in the year prior to the proposed Pharmacy enrolment; and
- achieved a Grade Point Average of at least 6 (a distinction average)
- satisfied the year 12 pre-requisites for Pharmacy - TCE pre-tertiary Chemistry (CHM315109) and Mathematics Methods (MTM315109) or equivalent.

Students who complete appropriate units in the course prior to applying for Pharmacy may be granted credit for those units in the Bachelor of Pharmacy. It should be noted that, at this stage, this will not reduce the number of years of study in the Bachelor of Pharmacy, but students granted credit may have reduced workloads in some years of the program. Interested students should seek advice from the School of Pharmacy about units that may attract credit prior to undertaking the alternative entry program.

Australian Maritime College (AMC)

AMC is a specialist institute of the University and it offers both Vocational (VET) courses and Higher Education (HE) courses.

AMC offers the following VET courses and applicants for entry into one of these courses should visit <http://www.amc.edu.au/future/apply/vte/> or phone 1300 030 277.

Master Class 5	Engineer Class 3
Master Class 4	Marine Engine Driver 1
Integrated Rating	Marine Engine Driver 2
Coxswains	Marine Engine Driver 3

If you are applying for entry into any other AMC course, please follow the standard University application process detailed in this booklet.

If you are applying for entry into one of the AMC's seafarer programmes, please select the appropriate course as follows:

Pre Sea (Deck)	Diploma of Nautical Science (Deck Watchkeeper) (J1T) or Advanced Diploma Applied Science (Nautical Science) (J2U)
Deck Watchkeeper	Diploma of Applied Science (Deck Watchkeeper) (J1U)
Pre Sea (Engine)	Advanced Diploma of Marine Engineering (J2W)
Engineer Watchkeeper	Diploma of Marine Engineering (Watchkeeper) (J1W)
Mate /Master (< 500GT)	Diploma of Applied Science (Mate/Master < 500GT) (J1V)
Second Engineer	Advanced Diploma of Marine Engineering (Chief Engineer) (J2X)
Chief Mate/Master	Advanced Diploma of Applied Science (Chief Mate/Master) (J2V)
Chief Engineer	Advanced Diploma of Marine Engineering (Chief Engineer) (J2X)

Students who intend to seek Australian Maritime Safety Authority (AMSA) Certificate of Competency on completion of their course should be aware that they will need AMSA approved seatime as per Marine Orders Part 3 prior to undertaking orals. Seatime assessments are undertaken at AMC as part of the course. For further details visit www.amsa.gov.au.

If you are unsure whether the course you are applying for is Higher Education or Vocational, please contact the Uni Info Centre on 1300 363 864.

Law and Combined Law degree entry requirements

For 2010 entry the Faculty of Law will have a limited number of direct entry places available into the Combined Bachelor of Laws Degrees. To be eligible for entry applicants will need a minimum TER score of 90.

If you wish to apply for one of these places, and you are a Year 12 applicant, please put the relevant Degree with Introduction to Law as your first preference. For example, if you wish to be considered for the Bachelor of Economics and Bachelor of Laws (combined) indicate this by applying for Bachelor of Economics (+ Introduction to Law and Legal Systems). If you then achieve the required entry score, and there are enough places available, you will automatically be placed into the Bachelor of Economics and Bachelor of Laws (combined). Students are still required to complete the first year in another faculty (75%) in addition to the units LAW121 Introduction to Law and LAW122 Legal Systems.

If you do not have a TER of 90, you may still apply for entry. You should apply for a relevant degree with the units 'Introduction to Law and Legal Systems' in 2010 and be assessed at the end of the first year of study for transfer to a combined or straight Law degree.

Academy of the Arts, Inveresk

Privacy Policy

The University of Tasmania is committed to the appropriate and lawful management of personal information, and in particular to compliance, as a personal information custodian, with the Personal Information Protection Act 2004 (Tas).

This Act is designed to protect the rights of applicants and the University of Tasmania. The University is committed to protecting student privacy through policy and procedural systems.

To obtain a copy of the University of Tasmania's Privacy Policy, visit http://www.utas.edu.au/universitycouncil/legislation/pol_privacy.pdf.

Enquiries and Submissions

Enquiries concerning information in this circular should be directed to the Admissions Office either by writing to Private Bag 45, Hobart, Tas, 7001 or by telephoning 1300 361 928. Formal submissions for exemptions from Minimum Entry Requirements should be made in writing and either posted or emailed to admissions@utas.edu.au.

Disclaimer

The information in this Guide was accurate when printed (September 2009). The University of Tasmania reserves the right to change, vary or withdraw any course or program that they offer, and/or to enforce restrictions on enrolment in any unit or course. Applicants will be notified of any changes. In normal circumstances changes affecting admission requirements will be notified two years in advance allowing prospective students to undertake a full two year IB program.

Enquiries regarding the University's admission requirements should be directed to the Admissions Office by telephone on 1300 361 928 or email to admissions@utas.edu.au.
